HILL'S IRON HAND STILL AT THE HELM

He and His Moneyed Partner Remain Dominant in All That Pertains to Northern Pacific Despite Others' Large Holdings.

NEW YORK, June 3.—The Press tomorrow will say that one tremendous consolidation of all the railroads operating between the Mississippi river and the Pacific coast promises to result from a settlement of the differences which caused the Northern Pacific corner.

The Press will say that it is "able to announce on the highest authority that not only have the differences been settled between the Morgan-Hill faction and the Rockefeller and Sullivan interests, but the deal and the relations of that railroad and the Northern Pacific and the Great Northern with the Union Pacific, but that the St. Paul, Chicago & Northwestern and Chicago Great Western are to be taken care of in the same harmonization scheme.

The exact details of the harmony agreement are withheld until J. Pierpont Morgan arrives from Europe. He will sail for this country tomorrow (Wednesday). James J. Hill, who has been his representative in the Northern Pacific matter and the practical management of the Morgan-Hill railroads, has remained "incommunicado," giving to his friends the assurance that they must "wait and see. Facts will tell the tale in good time."

In Mr. Hill's simple explanation is the whole truth in a nutshell. The agreement regarding the controversy over the control of the Northern Pacific means that that property will remain in the control of the Morgan-Hill faction, although the Kuhn-Loeb-Harriman-Gould faction and the Rockefeller and Sullivan interests own the majority of the common, and preferred stock, and finally that the harmony agreement will result in a closer alliance between the great transmississippi railroads which extend from Chicago to the coast and have affiliations, to carry American products to the far east.

NEWMAN ELECTED PRESIDENT

Is Now Head of Two Roads and Unification of Management May Result.

NEW YORK, June 3.—At a meeting of the directors of the New York Central today William H. Newman, president of the Lake Shore, was elected president of the New York Central & Hudson River Railroad company to succeed Samuel R. Callaway, resigned. Mr. Newman has not yet resigned the presidency of the Lake Shore, so he is now president of both roads.

The Mail and Express, referring to the Lake Shore presidency, says: It is understood that no president will be chosen to succeed Mr. Newman as president of the Lake Shore, but the program is to appoint a vice president who shall have entire charge of the operations of that company, subject to the president of the New York Central. The Lake Shore, of course, is no nothing more than a division of the Central. No change will be made on the Michigan Central, of which H. L. Shepard is president. Mr. Newman has considered the most likely candidate for the vice presidency of the Lake Shore.

CLEVELAND, O., June 3.—The election of W. H. Newman as president of the New York Central by the directors of that road in New York today has given fresh impetus to the report that a unification of the management of the Vanderbilt lines is to be effected. It is generally believed in well informed railway circles that Mr. Newman will continue to be head of the New York Central, with a vice president and general manager of the lines west and located at Cleveland.

THEY FIRE ON FRENCHMEN

British Fusiliers Forced to Do 'White Preventing House-Breaking.'

TIENTSIN, June 3.—There was a serious affray yesterday between international troops. Some British fusiliers, who were acting as police here, sought to prevent French soldiers from house-breaking and they were attacked with bayonets and bricks. The fusiliers in self-defense fired in the air. This brought a number of Germans to the aid of the Frenchmen. They numbered together 500 men. The fusiliers fired again, killing a Frenchman and wounding three others. In subsequent fighting four fusiliers, five Germans and one Japanese were wounded. The arrival of a German officer and a strong guard ended the fray.

DEADLY AMERICAN PERIL

Frenchman Refers to Napoleons of America and Their Threatening Commercial Conquests.

PARIS, June 3.—In the Chamber of Deputies today M. Des Tournelles de Constant asked the foreign minister, M. Delcasse, for a statement on the Chinese situation. In the course of his remarks the deputy alluded to American business competition, saying the "American peril" was advancing toward them with methodical rapidity. The Napoleons of American industry declared openly that their enterprise meant the conquest of Europe and its economic ruin. "The yellow peril" was more distant than the "American peril," but the Chinese had given a warning which ought not to be neglected.

M. Delcasse replied in a reassuring manner regarding China. He said the French troops would leave at the earliest opportunity. The powers only insisted on measures of justice, having the character of reparation for the past and guarantee for the future. Regarding the indemnity, France thought the immediate payment of a vice president of the war, and since it began he was very active against the British and has filled several important commands, including that of Pietersburg, until the British occupied the place.

GIVES THE PUBLIC NO NEWS

War Office Makes No Effort to Allay Public Apprehension Over Affairs.

LONDON, June 3.—The War office is making no effort to allay the public uneasiness occasioned by scantiness of the news from South Africa. Nothing has yet come through to illuminate the Vlakfontein affair, the only subject which since the first official announcement being a three-line message from Lord Kitchener, issued this morning, giving three additional names of officers killed.

Details just received of the relief of Zeebrugge by General Methuen, show the only delay in the campaign has been a matter of months and that its food supply was short. A dispatch from Pretoria announces that the constabulary has captured Abram Malan, a son-in-law of the late General Joubert. Malan was an energetic, progressive politician before the war, and since it began he was very active against the British and has filled several important commands, including that of Pietersburg, until the British occupied the place.

CANNOT SUPPORT STRIKERS

New York Central Machinists Did Not Secure Proper Authority to Quit.

TORONTO, Ont., June 3.—A report that President O'Connell of the International Association of Machinists had said that the action of the machinists of the New York Central in Buffalo, who struck on Saturday, was precipitate and contrary to the constitution, was referred to Mr. O'Connell today, but he declined to say anything until he had interviewed the Buffalo delegation. The matter will come before the convention, but in any event it is expected the association cannot approve of the strike, as it had not been sanctioned by three-fourths of all machinists on the Central's system, as provided in the constitution.

FEAR CHINESE MAY FLOCK IN

Treasury Officials See Danger in Porto Rican Decision.

SEND MORE INSPECTORS TO THE ISLAND

Intend Hereafter to Increase Vigilance and Enforce Exclusion Laws More Rigorously Than Heretofore.

WASHINGTON, June 3.—Assistant Secretary Taylor of the Treasury department and Commissioner General Powderly have decided to send three immigrant inspectors to Porto Rico for permanent duty. It is feared that the recent decision of the supreme court in the insular cases may stimulate Chinese immigration to Porto Rico, with the idea that once there they cannot be denied admission to the United States.

The collectors of customs hitherto have acted as inspectors and will continue to do so, but the need for additional help in keeping out the Chinese is apparent to the officials and from now on the exclusion laws will be more rigidly enforced.

KILLS THE ACTRESS HE LOVED

Edward Forsyth of Kansas City Shoots Edna Stokes in Chicago Hotel.

CHICAGO, June 3.—Edward Forsyth of Kansas City, an actor and assistant manager of theatrical companies, tonight shot and killed Miss Edna Stokes, an actress whose home is at Sedalia, Mo., and with whom he was deeply in love. Forsyth claims to have met Miss Stokes in St. Louis six years ago, when they were both playing in an engagement. The couple played in different cities until last fall, when they came to Chicago and became members of the stock companies playing at the Victoria.

Forsyth evidently intended to take his life when he killed the woman, for upon his person when he was arrested were letters bidding farewell to his mother, Mrs. M. M. Forsyth, 1782 Broadway, Kansas City, and another to the chief of police.

The couple had engaged in a desperate quarrel three days ago and Forsyth is said to have beaten the actress badly, cutting her head in two places. Miss Stokes was ordered to the proprietor of the Vernon hotel, at which she was stopping, that Forsyth should not be admitted to her presence and, although he called there twice during the early part of the evening, he was compelled to leave by the attendants. Later he called and the proprietor told him he could wait in the parlor, where Miss Stokes would see him. She came down from her room and the couple talked for about ten minutes, when Forsyth suddenly drew a revolver and fired two shots, one through the right lung and the other close to the heart. She died almost instantly.

After killing the woman Forsyth ran out of the building and was closely followed by James Heim and William Kennedy, the porter of the hotel. After pursuing Forsyth a short distance Heim overtook him and, throwing him to the sidewalk, held him until the arrival of the police. When taken to the police station Forsyth said he intended to kill Stokes, as he could not live without Miss Stokes' love, but his nerve failed him at the last moment.

KANSAS IS WELL SOAKED

Rain Removes the Fears of Dry Conditions Prevailing Long Enough to Ruin Crops.

TOPEKA, Kan., June 3.—A drouth of four weeks in Kansas is broken. Rain has been falling throughout central and eastern Kansas all day. Growing crops will now be put in excellent condition and the farming industry will take on a new lease of life. Along the Fairbury branch of the Rock Island there was exceptionally heavy rain. The dispatcher's office of the Union Pacific, Santa Fe and Rock Island roads reported by telephone at midnight that the rain was general over all their Kansas lines.

Near Mankato the rain was accompanied by a furious wind storm. In Marysville two and one-half inches of rain fell in an hour. Five times as much as fell during the entire month of May. Severe reports plenty of hail as an accompaniment to the rain, with some damage to wheat.

WOMEN TAKE UP DOCTORS

Subsuffragists Challenge Their Action on Regulation of Vice.

MINNEAPOLIS, June 3.—At this, the fourth day's session of the convention of the National Suffrage association, a great deal was accomplished. Five thousand dollars was pledged by the delegates and the first day's afternoon session for the suffrage work next year. Another important act was that relating to the regulation of social vice. The action of the physicians and surgeons at their convention in St. Paul last week stirred the delegates to indignation and a speech was made by Rev. Amos Shaw of Philadelphia as to the attitude in which the convention stands toward the passing of laws for the regulation of vice in the cities of the United States. Miss Shaw said: "No worse law under the sun than that for the segregation of vice in cities could be passed and all the women of the convention are opposed to any proposition on this subject. We want to be known as standing forever and forever against such a crime."

Miss Susan B. Anthony moved the appointment of a committee, consisting of Mrs. Carrie C. Catt, Rev. Amos Shaw, Rachel Foster Ayer and Alice Stone Blackwell, which should appear before the medical convention and show the surgeons what attitude the convention has taken in regard to the regulations of social vice. The motion was adopted and Miss Anthony was added to the committee. It was further decided that the memorial bearing on this matter, which was read the first day of the convention, will be read before the medical convention, if the committee gets the hearing. Miss Anthony and Mrs. Catt expressed themselves as opposed to the passing of any law for the regulation of vice.

PLAN OF CAMPAIGN

A plan of campaign was adopted after a long discussion. Its main features are as follows: Each state to keep an organizer in each of its national state conventions and, as far as possible, junior suffrage clubs to be formed, supplying American women wage-earners, county organization, women's day at fairs, chautauques and the like, urging upon women in states with partial suffrage to exercise their rights, protests by women taxpayers, the systematic distribution of literature, frequent publications in the press, petitions to state legislatures to raise the age of consent and to make the mother co-guardian of children with the father and to appoint public matrons, petitions to all kinds of national state conventions and to congress for a sixteenth amendment.

The afternoon session was a long one, owing to the fact that each of the state delegates made five-minute addresses. In the evening Dr. C. V. Parker, Woodley, Ill. spoke on "Women's Work in the Community." Elizabeth B. Herbert, Illinois, "For the Sake of the Child." Rev. William B. Riley, Minneapolis, on "Women's Rights and Political Righteousness," and Rev. Olympia Brown, Wisconsin, on "The Woman's Franchise." Frances Griffin, Alabama, also made an address.

Maud C. Stockwell of Minnesota reported the membership doubled in the year and the finances flourishing. Lucretia L. Blankenburg of Pennsylvania reported the admission of Mrs. Margaret Klingensmith to the law academy. Rev. Olympia Brown reported for Wisconsin that an active campaign of education was being carried on.

MRS. BARNES' MOTHER, ALSO

Third Alleged Conspirator in the Poisoning of Dr. Barnes is Bound Over.

SPRINGFIELD, Ill., June 3.—Mrs. Mary L. McWilliams of Quincy, mother of Mrs. Mary Barnes of Quincy, who was arrested on a charge of being implicated in the murder of Mrs. Barnes' husband, Dr. Joseph L. Barnes of Monticello, for which crime Mrs. Barnes and William W. Ferguson have been indicted, had her preliminary examination before Justice W. J. Ferguson today and was bound over to the grand jury in the sum of \$5,000 which she has not yet given.

Ferguson, the negro, who confessed to having given Dr. Barnes poisoned candy at the Central Hospital for insane patients, denied that he was about to return to the Salvation army and to be reunited with his father. The following statement is published by authority: Mr. Ballington Booth denies most emphatically that there have been any secret negotiations between himself and father. He has not had one line from his father since the latter left this country, nor has he heard from his seven brothers and sisters, with but one exception, that of a personal communication from Mrs. Booth Clibborn, neither have they taken back the bitter and uncalled for things they said against him. The government and principles of the two movements are so at variance that a union would be impossible.

CLEVELAND, O., June 3.—Commander Booth-Tucker of the Salvation army, declared today that there was no truth in the report to the effect that negotiations are in progress looking to the amalgamation of the Volunteers of America and the Salvation army. "Please say to the Associated Press," he continued, "that there is absolutely no proposal, either secret or otherwise, for the amalgamation of the two movements."

COMING OF THE LINEN TRUST

Twenty Million-Dollar Corporation to Be Formed to Make Collars, Shirts and Cuffs.

NEW YORK, June 3.—The Mail and Express says: Under the title of the American Shirt and Collar company, a \$20,000,000 linen goods manufacturers' trust will be incorporated under the laws of this state. It will control completely the whole shirt and collar trade of the country. A tentative agreement had already been signed by the strength of the combination is shown by the cast iron clause, by which each individual is required to file a bond of \$200,000, as evidence of good faith in agreeing not to engage in the manufacture of shirts, collars, cuffs and other articles of men's apparel for a period of ten years, except in the states of Nevada, Montana and territory of Idaho.

WASHINGTON, June 3.—(Special Telegram.)—Senator Dietrich of Omaha, who has been in the quartermaster's department of the army since the beginning of the war with Spain and who is now in the Philippines, has been reported inefficient for service, according to reports from the office of the War department.

Just how Captain Swobe is inefficient has not been ascertained, the papers in the case not being obtainable. If the objection to Swobe is technical, it is believed Senator Dietrich will call the system into question, but should it be found that he is physically incapacitated it may be impossible.

CARRY CASE TO NEBRASKA

Attorneys in Campbell Divorce Case Wish to Investigate Records at David City.

NEW YORK, June 3.—(Special Telegram.)—Judge Chester, in the supreme court, Brooklyn, today granted a postponement of the trial of the suit for divorce brought by Mrs. Helen Campbell against her husband, Dr. Robert Campbell. This is the case which Judge Russell, in the same court, last week, stopped so abruptly because the co-respondent, Cora Belle Durham, broke down on the stand and declared that she had committed adultery against the defendant and had tried to entrap him so that his wife might obtain a decree.

In court today, George Waldo, counsel for Mrs. Campbell, asked for an adjournment, saying it was necessary for him to go to David City, Neb., where acts of impropriety on the part of Mr. Campbell are alleged to have occurred. Mr. Waldo declared the girl had been influenced by the defense and made to come east and change her testimony. He declared that he could establish this if he had time to go to David City. The postponement on this assertion was granted. The opposing counsel will also go to Nebraska.

For the first time since her preliminary hearing, five months ago, the prisoner gave way to tears today. It was in the examination of witnesses, when Prosecutor Hadley asked the first question, "Did you conscientiously scruple against capital punishment?"

For a moment only the prisoner covered her eyes and wept. Soon she became composed and watched the proceedings with interest. The case will be fought stubbornly by both sides.

Kennedy was killed two days after he had filed a suit to have his marriage set aside, alleging duress. Mrs. Kennedy's father, W. C. Prince, proprietor of a billiard hall, and her brothers, Bert, a traveling musician, and Will, a young business man, will be tried later on a charge of conspiring with Mrs. Kennedy to kill her husband. Will is in jail unable to secure bond.
